

SUMMARY

Builder of measurable commercial growth in constrained settings. Scaled a Paris artist collective from 10,000 to **1.9M organic views** with no paid acquisition and delivered **30+ end-to-end campaigns** across acquisition and conversion. Scored in the **98th percentile** (Grade A) on the GraduatesFirst logical reasoning assessment. Completing a Master in Management (Project Management and Business Engineering) and a thesis on institutional DeFi risk frameworks built on primary interviews with risk leaders at Anchorage Digital. Trilingual: Spanish (native), French (C2), English (C1).

EDUCATION

Conservatoire National des Arts et Métiers (CNAM), Paris, France (2023-2026)

Master in Management, Project Management and Business Engineering

Thesis: Risk Management Frameworks for Institutional Adoption of DeFi; primary interviews with risk leaders at Anchorage Digital, and HSLU Lucerne.

Relevant coursework: Competitive Strategy, Market Simulation, Business Engineering, Agile Project Management, Stakeholder Communication.

Don Bosco International Media Academy, Paris, France (2020-2023)

International Bachelor, Production Management and Budget Oversight

EXPERIENCE

Independent Production Studio, Paris, France (2022-2025)

Creative Project Manager

- Delivered 30+ end-to-end campaigns (budgets EUR 1,000 to 5,000), owning scope, cross-functional crews, vendors, and timelines under tight deadlines.
- Built KPI frameworks and ran A/B tests on content formats; iterated on retention, completion, and click-through to raise conversion.
- Integrated conversion data into CRM platforms to map customer journeys and grow acquisition across launches and sales events; ran Facebook Ads Manager campaigns (targeting, formats, bidding).
- For TrustNoFriend, a sustainable fashion brand, launched creative and grew Instagram from 0 to **2,500 followers**.
- Modelled transparent cost structures and built asset pipelines and feedback loops that reduced rework and held budget, timeline, and quality.

Artist Collective, Paris, France (2023-2024)

Digital Growth and Strategy Lead

- Designed and ran an entirely organic growth strategy that scaled from 10K to **1.9M views** on TikTok and achieved **100K+** for the video on YouTube, iterating formats and hooks against retention and completion signals.
- Took the collective from stagnation to a Believe Music distribution deal and a feature on PlanetRap (Skyrock), France's most-listened rap show, generating streaming revenue.
- Aligned creative and production teams around a digital shift first seen as a threat, holding a consistent publishing cadence under pressure.

Hotel Quartier Latin, Paris, France (2023-2024)

Night Auditor

- Ran overnight operations single-handed: billing reconciliation, cash control, and cross-department incident escalation.

LEADERSHIP & ACTIVITIES

Team Lead, Market Simulation (CNAM). Directed a student team across eight simulated quarters, applying financial analysis and competitive strategy to market-positioning decisions.

Applied AI and Automation, Python. Built and deployed a Python Discord bot that monitors VIE job postings and sends automated alerts, plus self-built practice tools for quantitative drills and case-interview preparation; AI-assisted development with Claude Code, published on GitHub, hosted on Railway.

First Assistant Director, Nikon Film Festival. Coordinated a **50-person** overnight crew, owning the full production schedule and stakeholder communication under deadline.

SKILLS & INTERESTS

Methods: Structured problem solving (MECE, issue trees), Minto Pyramid communication, data cleaning and wrangling, KPI frameworks, A/B testing, case-study analysis.

Analytics & data: Excel (modelling), Python (automation, deployed Discord bot), SQL and Power BI (developing), GitHub, VS Code.

AI: Claude, Gemini, and Claude Code (daily, for analysis, automation, and AI-assisted development).

Business & creative: CRM platforms, Facebook Ads Manager, Notion, Adobe Creative Cloud, DaVinci Resolve.

Certifications: McKinsey Forward Programme; Google Data Analytics Certificate (in progress).

Assessment: GraduatesFirst Logical Reasoning, 98th percentile (Grade A).

Languages: Spanish (native), French (C2), English (C1).

Interests: Competitive strategy, decentralized finance, macroeconomics, AI agents and local LLMs, piano, golf (green card).
